

YOUR  
**CODING  
 AUTHORITY**

**Hospital and  
 Professional Fee  
 Coding**

Tailored and reliable medical coding services for healthcare systems and hospitals.

**Hospital Coding**

**Hospital revenue cycle teams improve coding accuracy and increase reimbursement with KIWI-TEK's fully domestic coding team:**

- Meet or lower your current coding costs while outperforming target revenue cycle benchmarks.
- Gain insights about your organization's coding performance with assessments by provider and department.
- Use qualified, trained coders with deep ICD-10 expertise and wide range of experience across multiple specialties.

- Anesthesia
- Pain
- Clinic
- Thoracic

“We are very invested with KIWI-TEK as a partner. They've always done a good job for us. Case in point: we've expanded their services beyond hospital walls to professional coding for 400 physicians in our network.”

Marva Rothmeier RHIT, MBA  
HIM Director, Medical Center Hospital (MCHS)

Whether you need to add coders to your in-house team or need to fill gaps with certain specialties and cases, we have 100% US-based credentialed coders ready to start coding today. Request a consultation at [www.kiwi-tek.com/professional-coding/](http://www.kiwi-tek.com/professional-coding/).
